**Rota Resort Golf Course**

Golfers are treated to expansive ocean views from every hole of this well-maintained golf course designed by Scott Fissette. The design is perfect for the resort golfer-open entrances to most greens let the higher handicapper play along the ground but at some 7,093 yards from the back tees, the course can also give better golfers all they can handle. The 5,293-yard forward tees make the layout very enjoyable for women or those who wish to play a shorter course.
